

PRESS RELEASE

Private Jet Services Group Launches Corporate Shuttle Division

Seabrook NH, 07 December 2011: Private Jet Services Group, one of North America's largest air charter services firms, announced today the establishment of its Corporate Shuttle Division, to be headquartered at the firm's Seabrook, NH offices.

As a leader in providing top quality, consultancy-based services to its customers, Private Jet Services Group (PJS), one of the Private Jet Group of Companies, has experienced continued growth and increasing demand for corporate shuttle services. One of the fastest growing sectors in the private jet industry, PJS is dedicated to providing companies with safe, efficient, and cost effective private jet solutions for executives and employees that travel regularly to satellite locations. Greg Raiff, CEO of PJS, commented, "With steadily decreasing commercial service to regional airports and the rising costs of commercial travel to rural locations, companies are now able to use private jets to maximize productivity and minimize costs by establishing regularly scheduled corporate shuttle programs,". Raiff added, "I am proud to announce the promotion of David Goodman, who has served as Director of Sales for PJS for over 8 years, to the new role of Managing Director, Corporate Shuttle Division. David's expertise in both executive jet travel as well as regional jet and airliner programs, coupled with his experience assisting our current corporate clients makes him the perfect leader for this new practice area,"

Mr. Goodman, Managing Director of Private Jet Services Group, Corporate Shuttle Division remarked "We are excited to expand our services in the corporate shuttle arena and offer our clients a reliable and cost-effective option to transport their key personnel. In this difficult economy, and with companies looking for ways to work smarter, our corporate shuttle solution is exactly the type of program that can make a real difference in positively affecting a company's bottom line."

About Private Jet Group

Private Jet Group is composed of three companies: Private Jet Management Group, Inc. (PJM), Private Jet Commercial Group, Inc. (PJC), and Private Jet Services Group, Inc. (PJS). PJM does not own, lease or operate aircraft. PJC acts as marketing and booking agent for USA Jet Airlines Inc., a licensed Part 121 air carrier holding FAA Certificate Number Y2PA154Y. PJC does not own, lease or operate aircraft. PJS is an air charter broker serving discerning corporate clients and leisure travelers through the use of VIP and coach configured airliners as well as small, midsize, and large cabin executive jets for meetings, top-tier incentive programs, live entertainment touring, customer appreciation events and luxury travel. PJS maintains a repeat-client rate in excess of 90% and this strong client loyalty is the best indicator of PJS's specialization, pricing, and performance. PJS acts as agent for its clients in negotiating and facilitating transportation with licensed air carriers. PJS does not own, lease or operate aircraft and has no affiliation with any carrier except that PJS's sister companies, PJM and PJC, act as agents for carriers as set forth above. Transportation booked through PJS to be furnished by USA Jet Airlines Inc. will be arranged through the interaction of PJS on behalf of its client and PJM or PJC respectively on behalf of the carrier.

Private Jet Services Group is a privately held corporation formed in 2003 by Greg Raiff, who is the current president and CEO. Raiff has over 22 years in the aviation industry and is widely respected as one of the leading executives in the aviation logistics industry, with a specialization in the sourcing of both VIP and standard-configured airliners for live entertainment touring, large group, professional and collegiate sports team travel. The company has a diversified client base that extends into various segments throughout the world including luxury travel, incentive travel, business fleet management, and other corporate needs.
